### **GHS/OCD Host ICS-300 & 400 Trainings**

The Offices of Guam Homeland Security and Civil Defense (GHS/OCD), in conjunction with the Port Authority of Guam (PAG), will host two Incident Command System (ICS) training opportunities at the PAG, Training Room, Piti. The courses follow:

- ICS-300: Intermediate ICS for Expanding Incidents – Monday, November 15 – Wednesday, November 17, 2021, 8 a.m. – 5 p.m.
- ICS-400: Advanced ICS Command and General Staff – Thursday, November 18 – Friday, November 19, 2021, 8 a.m. – 5 p.m.

ICS-300 and ICS-400 provide training for personnel who require advanced application of the Incident Command System. These comprehensive courses expand upon information covered in the ICS-100 and ICS-200 courses. Topics include describing how the National Incident Management System Command and Management component supports the management of expanding incidents, the incident/event management process for supervisors and expanding incidents as prescribed by ICS, the incident management process on a simulated expanding incident, and developing an Incident Action Plan for a simulated incident.

Attendees for the courses include emergency management personnel and community volunteers from the government of Guam, federal, military, private, and non-profit organizations and senior personnel who may assume a supervisory role in expanding emergency incidents and who are expected to perform in a management capacity at an incident or event.

For registration details, contact GHS/OCD Exercise Planning Officer John Camacho at (671) 475-9600 or via email at [john.camacho@ghs.guam.gov](mailto:john.camacho@ghs.guam.gov).
